

Discover Your Inner Ocean

The Jericho Sailing Centre has served as Vancouver's portal to the deep for 32 years.

A lot of water has flowed under the bridges in this time and Vancouver's ocean has worn many faces, always changing, oscillating between placidly calm and wildly tempestuous, with a thousand different glances in between. In this time the ocean lovers of the Jericho Sailing Centre have launched into every one of the sea's tireless expressions.

Whether the restful ocean of an August morning, awakened by the slippery trails of paddlers, or, catamarans and windsurfers racing gulls in March through winter whitecaps, adrenaline rushing in the salty brine - the sea is natural energy that can quickly recharge your batteries and trickle charge your soul - it can change the look on your face.

The members of Jericho Sailing Centre all share this energy; our faces mirror the surface of the sea through all of its expressions. From Jericho, sailors, paddlers, windsurfers, rowers, tap into it every day, touching the face of the sea with paddle, oar, hull and sail. The water remains, as it always has, the bond between us: the sublime, omniscient presence, the connection to the energy that shaped Vancouver, ever ebbing, ever flowing, and our hearts beat like the sea. We welcome people from all over Vancouver and from all over the world to join us at the Jericho Sailing Centre, share our energy, go deep, make the connection to your marine environment and discover your inner ocean.
